Sema Hadithi Foundation

ZAP funding has been vital to the growth of Sema Hadithi African American Heritage and Culture. Because of ZAP, more families, schools, and community members are discovering stories that have long been untold, ensuring that our heritage is preserved and celebrated now and in the future.

Seven Canyons Trust

Funding allows us to provide opportunities where young people can connect with their environment, learn about the challenges our waterways face, and feel empowered to take action. Because of ZAP support, students leave not just with data, but with a sense of responsibility and possibility—planting the seeds for long-term community stewardship of our creeks.

Lyrical Opera Theater

Thanks to ZAP support, Lyrical Opera Theater has been able to touch lives through the power of live opera—bringing unforgettable performances to our community, inspiring young students, and making the arts accessible to audiences of all ages.
